Feedback Report

Introduction

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 which has been improvised by the IQAC from time to time. The system of feedback devised in18-19 is as follows:

1. Students' Feedback on Infrastructure
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback on Institution.
5. Students' Feedback on Sports & Co-Curricular Activities
6. Students' Feedback on Hostel Facility & Scholarship
7. Students' Feedback on Library and Other Cells
8. Students' Feedback on Canteen & Cleanliness
9. Students' Feedback on Autonomous Cell

This practice has provided an opportunity to the stakeholders for expressing their opinions that are valuable for future development and results. The scores of the analysis were circulated among the staff so that they may improve themselves and enhance their abilities. Feedback analysis regarding infrastructure has been communicated to the Land and Building committee. The proposal of construction of a canteen with good amenities has been sent to them. The feedback on Library indicated some lacunas which were communicated to the Librarian. Library automation is under consideration. This information shall be used to make plans for the coming session.

Feedback System

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 which has been improvised by the IQAC from time to time. The system of feedback devised in18-19 is as follows:

1. Students' Feedback on Infrastructure
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback on Institution.
5. Students' Feedback on Sports & Co-Curricular Activities
6. Students' Feedback on Hostel Facility & Scholarship
7. Students' Feedback on Library and Other Cells
8. Students' Feedback on Canteen & Cleanliness
9. Students' Feedback on Autonomous Cell

This practice has allowed the stakeholders to express their opinions which are valuable for future planning and development.

Action Plan:

- The total score of **Teachers** on a Four-point scale was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Poor
1	Students ' Feedback on Teachers	68.05	23,56	6.08	2.26

The scores of the analysis were circulated among the teaching staff so that they could improve themselves and enhance their abilities.

- Total score of feedback regarding the **infrastructure** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Poor
2	Students' Feedback on Infrastructure	37.12	37	19.75	6.12

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal for constructing a canteen with good amenities has been sent to them.

- The total score of feedback regarding **library facilities** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Poor
3	Students' Feedback on Library	45	38	14	3

The feedback on the Library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe to the standard and Indexed journals.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of expanding larger reading space for students and research scholars.

FEEDBACK REPORT 2019-2020

Feedback Report

Introduction

In order to enhance quality education and maintain the standard of education the Institution felt the need of knowing about the impact of teaching and working of various departments and the infrastructure of the institution by recording the responses of the students. To achieve this goal, the college developed its own system of getting multiple feedbacks from the students to inculcate right perspective for future decisions. Understanding the past and evaluating the present can brighten the future. Hence the relevance of adopting this practice. These were the contextual features that led to the designing of a feedback system in 2013-14. Before the II cycle of NAAC Accreditation four-way system of feedback (analysed on three-point scale) was in practice which was as follows:

1. Students' Feedback on infrastructure and facilities provided by the college.
2. Students' Feedback on Teachers' Performance
3. Parents' Feedback
4. Teachers' Feedback
5. Alumni's Feedback

After the II cycle of NAAC Accreditation in February 2019 the need for a more effective feedback system for the college was felt which should be analysed on five-point scale to get accuracy in the feedback report. As the desirable and suitable formats for getting feedback were required the IQAC improvised the old formats to get accurate results. From the feedback forms the names of stakeholders were removed this time. As the feedbacks were collected randomly and without mentioning the names of the stakeholders, they expressed their frank views in it. Otherwise their psychological fears might have affected the results to some extent. However, the

members of IQAC themselves collected the feedbacks assuring the stakeholders of quality enhancement. The new feedback system devised in 19-20 was as follows:

1. Students' Feedback on Infrastructure and Facilities Provided by the College
2. Students' Feedback on Teachers' Performance
3. Feedback from Research Scholars
4. Parents' Feedback
5. Alumni's Feedback
6. Teachers' Feedback
7. Feedback from the Non-Teaching Staff

Students' feedback formats included general observations about teaching, courses, departments, infrastructure etc This practice has provided an opportunity to the students for expressing their opinions that are valuable for future developments and results. The feedback from the alumni and research scholars is to know about the institutional administration, departmental working and syllabi and recommendations for further improvement in the institution.Research centre in academics as well as administration. The feedback from the parents lets us know about the strengths and weaknesses of the institution. The feedback from the teachers is received to get the information about teaching, learning and research activities. The feedback from the non-teaching staff was begun for the first time to get the information of the pros and cons of the administration so that the required changes can be made. This information shall be used to make plans for the coming session. The improvised feedback system has made the IQAC wiser for developing prospective plans. But in order to get a crystal clear feedback IQAC has started its working for developing an online feedback system. The institution shall hopefully develop this system next year.

Feedback System

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 which has been improvised by the IQAC from time to time. Before the II cycle of NAAC Accreditation four-way system of feedback (analysed on a three-point scale) was in practice but afterwards, the need for a more effective feedback system for the college was felt which should be analysed on a five-point scale to get accuracy in the feedback report. As the desirable and suitable formats for getting feedback were required the IQAC improvised the old formats to get accurate results. The new feedback system devised in 19-20 was as follows:

1. Students' responses on infrastructure and facilities provided by the institution.
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback.
5. Alumni's Feedback.
6. Feedback from the Non-Teaching Staff.
7. Feedback from the Research Scholars.

This practice has allowed the stakeholders to express their opinions which are valuable for future planning and development.

Action Plan:

The total score of Teachers on five-point scale was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
1	Students' Feedback on Teachers	33.60	30.12	28.03	4.02	4.23

The scores of the analysis were circulated among the teaching staff so that they may improve themselves and enhance their abilities.

The total score of feedback regarding the Infrastructure was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
2	Students' Feedback on Infrastructure	11.23	22.83	27.95	22.17	15.82

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal for the construction of a canteen with good amenities and smart classrooms has been sent to them.

The total score of feedback regarding library facilities was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
3	Students' Feedback on Library	17.38	25.67	26.72	19.30	10.93

The feedback on the library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe to the Journals mentioned in the UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of expanding larger reading space for students and research scholars.
- To think of Library automation.
- Provision of photocopying of books in the library.

Feedback Report

Introduction

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14. Since then the knowledge about the impact of teaching and working of various departments and the infrastructure of the institution has been gained from the stakeholders physically in the questionnaire. This system has been improvised by the IQAC from time to time. But in order to get a crystal-clear feedback IQAC has been working for developing an online feedback system for two years which could be accomplished this year by the efforts of feedback committee. The new feedback system devised was in Google forms. These Google forms were floated in respective groups to get the feedback. These Google forms were to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' feedback on teachers' performance.
3. Parents' feedback.
4. Teachers' feedback.
5. Alumni's feedback.
6. Feedback from the non-teaching staff.
7. Feedback from research scholars.

This practice has provided an opportunity to the stakeholders for expressing their opinions that are valuable for future development and results. The scores of the analysis were circulated among the staff so that they may improve themselves and enhance their abilities. Feedback analysis regarding infrastructure has been communicated to the Land and Building committee. The proposal of construction of a canteen with good amenities has been sent to them. The feedback on Library indicated some lacunas which were communicated to the Librarian. Library automation is under consideration. This information shall be used to make plans for the coming session.

Feedback System

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 which has been improvised by the IQAC from time to time. Previously the feedback was taken manually but to get crystal-clear feedback IQAC has developed an online feedback system with the help of a feedback committee. The new feedback system devised was in Google Forms which were floated in respective groups to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback.
5. Alumni Feedback.
6. Feedback from the Non-Teaching Staff.
7. Feedback from the Research Scholars.

This practice has allowed the stakeholders to express their opinions which are valuable for future planning and development.

Action Plan:

- The total score of **Teachers** on a five-point scale was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
1	Students' Feedback on Teachers	39.80	34.58	19.53	5.31	.78

The scores of the analysis were circulated among the teaching staff so that they may improve themselves and enhance their abilities.

- Total score of feedback regarding the **infrastructure** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
2	Students' Feedback on Infrastructure	27.15	27.68	25.49	15.00	4.74

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal forconstructing a canteen with good amenities, smart classrooms and renovation of some portions of the institutionhas been sent to them.

- The total score of feedback regarding **library facilities** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
3	Students' Feedback on Library	23.00	25.11	24.42	17.67	9.67

The feedback on the Library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe to the Journals mentioned in the UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of expanding larger reading space for students and research scholars.
- To accelerate the work of Library automation.
- Provision of photocopying of books in the library.

Feedback Report

Introduction

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14 and since then the knowledge about the impact of teaching and working of various departments and the infrastructure of the institution has been gained from the stakeholders physically in the questionnaire. This system has been improvised by the IQAC from time to time. But in order to get a crystal clear feedback IQAC started retrieving online feedback from the stakeholders which has been fully developed in three years and which could be accomplished by the efforts of feedback committee only. The new feedback system devised was in Google forms. These Google forms were floated in respective groups to get the feedback. These Google forms were to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' feedback on teachers' performance.
3. Parents' feedback.
4. Teachers' feedback.
5. Alumni's feedback.
6. Feedback from the non-teaching staff.
7. Feedback from research scholars.

This practice has provided an opportunity to the stakeholders for expressing their opinions that are valuable for future development and results. The scores of the analysis were circulated among the staff so that they may improve themselves and enhance their abilities. Feedback analysis regarding infrastructure has been communicated to the Land and Building committee. The proposal of construction of a canteen with good amenities has been sent to them. The feedback on Library indicated some lacunas which were communicated to the Librarian. Library automation is under consideration. This information shall be used to make plans for the coming session.

Feedback System

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14 which has been improvised by the IQAC from time to time. Previously the feedback was taken manually but in order to get a crystal-clear feedback IQAC has developed an online feedback system with the help of feedback committee. The new feedback system devised was in Google forms which were floated in respective groups to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback.
5. Alumni's Feedback.
6. Feedback from the Non-Teaching Staff.
7. Feedback from the Research Scholars.

This practice has provided an opportunity to the stakeholders for expressing their opinions that are valuable for future planning and development.

Action Plan:

Total score of Teachers on five-point scale was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
1	Students' Feedback on Teachers	45.72	29.02	16.31	6.58	2.36

The scores of the analysis were circulated among the teaching staff so that they may improve themselves and enhance their abilities.

Total score of feedback regarding the Infra-structure was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
2	Students' Feedback on Infrastructure	18.87	24.90	27.99	19.95	8.29

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal of construction of a canteen with good amenities, board room and smart classrooms has been sent to them.

Total score of feedback regarding library facilities was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
3	Students' Feedback on Library	16.51	23.16	26.45	20.34	13.55

The feedback on Library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe the refereed Journals mentioned in UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of expansion of larger reading space for students and research scholars.
- To get Library automation done as early as possible.
- Provision of photocopying of books in the library.

Due to COVID-19 Pandemic and unavailability of funds the proposals have been withheld which would most probably be taken care of in the coming session.

Feedback Report

Introduction

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14 and since then the knowledge about the impact of teaching and working of various departments and the infrastructure of the institution has been gained from the stakeholders physically in the questionnaire. This system has been improvised by the IQAC from time to time. But in order to get crystal-clear feedback IQAC started retrieving online feedback from the stakeholders which hasbeen fully developed in four years and which could be accomplished by the efforts of the feedback committee only. The new feedback system devised was in Google Forms. These Google forms were floated in respective groups to get feedback. These Google Forms were to get

1. Students' feedback on teachers' performance.
2. Parents' feedback.
3. Alumni's feedback.
4. Feedback from research scholars
5. The responses of students on infrastructure and facilities provided by the institution.
6. Teachers' feedback.
7. Feedback from the non-teaching staff.

This practice has provided an opportunity for the stakeholders for expressing their opinions that are valuable for future development and results. The scores of the analysis were circulated among the staff so that they may improve themselves and enhance their abilities. Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal forthe construction of a canteen with good amenities has been sent to them. The feedback on Library indicated some lacunas which were communicated to the Librarian. Library automation is undergoing. This information shall be used to make plans for the coming session.

Action Taken Report

2022-23

Feedback System

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14 which has been improvised by the IQAC from time to time. Previously the feedback was taken manually but in order to get crystal-clear feedback IQAC has developed an online feedback system with the help of a feedback committee. The new feedback system devised was in Google Forms which were floated in respective groups to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback.
5. Alumni Feedback.
6. Feedback from the Non-Teaching Staff.
7. Feedback from the Research Scholars.

This practice has provided an opportunity for the stakeholders for expressing their opinions that are valuable for future planning and development.

Action Plan:

The total score of Teachers on five-point scale was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
1	Students' Feedback on Teachers	44.02307	25.86262	17.03878	8.129473	4.946053

The scores of the analysis were circulated among the teaching staff so that they may improve themselves and enhance their abilities.

Total score of feedback regarding the Infrastructure was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
2	Students' Feedback on Infrastructure	14.57836	17.47492	28.04515	27.34114	14.56044

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal forthe construction of a canteen with good amenities, smart classrooms and Renovation of some portions of the institutionhas been sent to them.

The total score of feedback regarding library facilities was as follows:

S.No.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
3	Students' Feedback on Library	10.90839	11.87888	29.34783	22.94255	24.92236

The feedback on Library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe to the Journals mentioned in UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of the expansion of larger reading space for students and research scholars.
- To accelerate the work of Library automation.
- Provision of photocopying of books in the library.

Feedback Report

Introduction

In order to enhance quality education and maintain the standard of education the institution designed its own feedback system in 2013-14 and since then the knowledge about the impact of teaching and working of various departments and the infrastructure of the institution has been gained from the stakeholders physically in the questionnaire. This system has been improvised by the IQAC from time to time. But in order to get crystal-clear feedback IQAC started retrieving online feedback from the stakeholders which has been fully developed in four years and which could be accomplished by the efforts of the feedback committee only. The new feedback system devised was in Google Forms. These Google forms were floated in respective groups to get feedback. These Google Forms were to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' feedback on teachers' performance.
3. Parents' feedback.
4. Teachers' feedback.
5. Alumni's feedback.
6. Feedback from the non-teaching staff.
7. Feedback from research scholars.

This practice has provided an opportunity for the stakeholders for expressing their opinions that are valuable for future development and results. The scores of the analysis were circulated among the staff so that they may improve themselves and enhance their abilities. Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal for the construction of a canteen with good amenities and renovation of the Commerce Wing has been sent to them. The feedback on the Library indicated some lacunas which were communicated to the Librarian. Library automation is undergoing. This information shall be used to make plans for the coming session.

Suggestions by the Students

- Office work should be made easier than before.
- Campus placement should be facilitated.
- Canteen and laboratory facilities must be improved.
- There must be a hostel for the students coming from neighbouring places.
- More seminars, workshops and training programmes must be held.
- Smart classrooms should be provided.
- More personality development classes should be organized.

Suggestions by the Non-Teaching Staff

- Training programmes should be organized.
- Regularization and promotion in time should take place.

Suggestions by Parents

- Internships should be prescribed in the syllabi.
- A photocopy facility should be provided on the college campus.
- Proper seating arrangements should be in the library.
- Coaching classes should be organised for competitive exams.
- Placement Drives should be conducted.

Action Taken Report

2023-24

Feedback System

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 which has been improvised by the IQAC from time to time. Previously the feedback was taken manually but to get crystal-clear feedback IQAC has developed an online feedback system with the help of a feedback committee. The new feedback system devised was in Google Forms which were floated in respective groups to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' Feedback on teachers' performance.
3. Parents' Feedback.
4. Teachers' Feedback.
5. Alumni Feedback.
6. Feedback from the Non-Teaching Staff.
7. Feedback from the Research Scholars.

This practice has allowed the stakeholders to express their opinions which are valuable for future planning and development.

Action Plan:

- The total score of **Teachers** on a five-point scale was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
1	Students' Feedback on Teachers	44.03	24.61	16.10	9.37	5.90

The scores of the analysis were circulated among the teaching staff so that they may improve themselves and enhance their abilities.

Scanned with OKEN Scanner

- Total score of feedback regarding the **infrastructure** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
2	Students' Feedback on Infrastructure	11.61	16.78	29.42	28.71	13.47

Feedback analysis regarding infrastructure has been communicated to the Land and Building Committee. The proposal forconstructing a canteen with good amenities, smart classrooms and renovation of some portions of the institutionhas been sent to them.

- The total score of feedback regarding **library facilities** was as follows:

S.NO.	Feedback	Excellent	Very Good	Good	Less than Good	Not so Good
3	Students' Feedback on Library	8.39	12.70	25.00	31.74	22.17

The feedback on the Library indicated some lacunas which were communicated to the Librarian with the following suggestions:

- To subscribe to the Journals mentioned in the UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examination.
- To think of expanding larger reading space for students and research scholars.
- To accelerate the work of Library automation.
- Provision of photocopying of books in the library.

Feedback Report

Introduction

To enhance quality education and maintain the standard of education the institution designed its feedback system in 2013-14 and since then the knowledge about the impact of teaching and working of various departments and the infrastructure of the institution had been gained from the stakeholders physically in the questionnaire. This system had been improvised by the IQAC from time to time. But in order to get crystal-clear feedback IQAC started retrieving online feedback from the stakeholders which has been fully developed in four years and which could be accomplished by the efforts of the feedback committee only. The new feedback system devised was in Google Forms. These Google forms were floated in respective groups to get feedback. These Google Forms were to get:

1. The responses of students on infrastructure and facilities provided by the institution.
2. Students' feedback on teachers' performance.
3. Parents' feedback.
4. Teachess' feedback.
5. Alumni's feedback.
6. Feedback from the non-teaching staff.
7. Feedback from research scholars.

This practice has provided an opportunity for the stakeholders for expressing their opinions that are valuable for future development and results.

The scores of the **analysis regarding the performance of teachers** were circulated among the staff so that they could improve themselves and enhance their abilities.

Feedback analysis regarding infrastructure had been communicated to the Land and Building Committee. After the Pandemic was over the proposal for the infrastructure augmentation was sent in 2022-23. A sanction of 50.56 Lacs Lacs from Higher Education was utilised in the construction of one room and a PG lab for Chemistry and the extension of the Autonomous Cell. In 2023-24 a proposal for the renovation of the Commerce Wing was sent to the Higher Education and the sanctioned amount of 20.63 Lacs was utilised for the same.

The feedback on the Library indicated some lacunas which were communicated to the Librarian with the following recommendations:

- To subscribe to the Journals mentioned in the UGC CARE List.
- To Purchase Standard Text Books/Reference Books.
- To purchase books in English medium.
- To purchase books for competitive examinations.
- To think of expanding larger reading space for students and research scholars.
- To accelerate the work of Library automation.
- Provision of photocopying of books in the library.

Library automation is undergoing. This information shall be used to make plans for the coming session.
